**Lions Clubs International**  
**MD 105 British Isles and Ireland**  
10<sup>th</sup> March 2017

**To: All Club Secretaries, MD105**

CC: District Governors, Vice District Governors, District Secretaries,  
MD Officers PDG Mike Davis (MD105 Deputy Credentials and Elections Officer)

## **MD Convention Blackpool April 22<sup>nd</sup>–23<sup>rd</sup> 2017**

Attached are full details of all proposed Resolutions, together with their explanatory notes, accepted for debate at MD Convention in Blackpool. There were no constitutionally acceptable amendments proposed to the resolutions circulated on February 3<sup>rd</sup> 2017.

Please ensure that these proposed Resolutions are placed before all of your Club members for consideration and instruction to your Club Delegates who will be participating in debate and voting at the abovementioned Convention.

Proposers of Resolutions are asked to make their way to seats reserved for speakers, which will be situated close to the rostrum, so that they can approach the rostrum and be ready to speak as soon as they are called.

Please be aware that the Secunder of a Resolution will **NOT** be called to the rostrum. I will announce their name and Club and they will be expected to indicate their presence in the Convention Hall by standing. The Secunder may speak in debate, by proceeding to one of the microphones located on the floor of Convention and catching the Chairman's eye.

Also, in accordance with Convention Standing Orders, the Resolutions and Amendments will NOT be formally read into the record. Their content will however, be displayed on the screen(s) in the Convention Hall.

Council intend to take resolutions 1 - 7 and 9 en bloc to save time for debate on other matters, should any delegate wish to debate any of these resolutions independently, they are requested to inform the Council Chair or the MD CNRO in advance. The Council chair will offer this opportunity again immediately before the debate. Any delegate wishing to do so and who has not previously informed the Council Chair or the MD CNRO will need to make it known to Convention at that time. (Resolution 8 has been removed from the bloc as one club has indicated a desire to debate that resolution individually.)

If there are any issues arising from this note or on the procedure for the presentation of Resolutions at Convention, please do not hesitate to contact me at [cnro@lionsclubs.co](mailto:cnro@lionsclubs.co) or on 0845 833 7898 as it is preferable to resolve such issues **prior to Convention** itself.

Yours in Lionism

*Trevor Kell*

## Resolution 1

## Proposed by Council

Concerning an amendment to the MD Constitution

To amend Section 1 of the Interpretation to the MD Constitution as follows:

1. Insert the words 'and Districts' after the words 'communicated forthwith to all Clubs'
2. Delete the words 'while the Council remains in office' in the second to last sentence, and the word 'meanwhile' in the same sentence.

To read:

This Constitution shall be read, construed and operated in the general context and spirit of the Constitution and By-laws of Lions Clubs International, and shall be binding upon the whole of the membership. All differences and disputes arising from, incidental to, or consequent upon any ambiguities or uncertainties herein, or omissions here-from, or otherwise concerning matters dealt with in this Constitution shall be dealt with by the Council. Any such decision shall take immediate effect, shall be communicated forthwith to all Clubs **and Districts** in the Multiple District and thereupon shall be binding on all concerned. Any such decision shall stand and have full force and effect ~~while the Council remains in office~~ unless ~~meanwhile~~ constitutionally amended at a Multiple District Convention. If any such decision shall be so amended any interim acts, deeds or omissions consequent upon such decision shall be deemed nevertheless to have been valid and effective until constitutionally amended as aforesaid.

*Explanation: these two amendments are to clarify the procedures following a decision made by council on the interpretation of one or more provisions of the MD constitution.*

**Constitutional Note:** To be enacted, this resolution will require a two thirds majority of those delegates present at Convention who exercise their right to vote.

## Resolution 2

## Proposed by Council

Concerning an amendment to the MD Constitution

To amend Section 2 of the Interpretation to the MD Constitution by adding definitions of the words 'in writing; and 'meeting':

*To read:*

For the avoidance of doubt the following words shall have the meanings assigned to them:

<i>Words</i>	<i>Meaning</i>
Lions Clubs International	The International Association of Lions Clubs
The Multiple District	District 105 of Lions Clubs International
District	Any Sub-District forming part of the Multiple District
Year and Fiscal Year	The period from 1 July in any one year to 30 June in the following year, both dates inclusive
The Council	The Council of Governors of the Multiple District
Convention	The annual Convention of the Multiple District
Club or Clubs	A Lions Club or Clubs within the Multiple District formed within the rules of the International Association of Lions Clubs
<b>In writing</b>	<b>Either hard copy, by post, or by electronic means</b>
<b>Meeting</b>	<b>Any face to face meeting or any electronic meeting in which all participants can take a full part</b>

*Explanation: These two additional definitions will remove any ambiguity as to what constitutes 'in writing' throughout the Constitution, and brings into the Constitution the ability to hold electronic meetings.*

**Constitutional Note:** To be enacted, this resolution will require a two thirds majority of those delegates present at Convention who exercise their right to vote.

## Resolution 3

Proposed by Council

Concerning an amendment to the MD Constitution

To amend Article II, Section 4 of the Multiple District Constitution as follows:

*Add the words 'At least two meetings annually shall be held as face to face meetings'*

*To read:*

The first meeting of the Council shall be held within sixty days after the date on which the District Governors officially take office. Subsequent meetings shall be held at such times and places as the Council, in session, or the Council Chairman, between sessions, may from time to time determine. Meetings of the Council shall also be held upon a request in writing from a simple majority of members of the Council. All meetings shall be convened by at least ten days' notice in writing and such convening notices shall be accompanied by an informative agenda in respect of the meeting so convened. **At least two meetings annually shall be held as face to face meetings.**

*Explanation: With the introduction of electronic meetings, this will ensure that Council is actually required to hold a minimum of two face to face meetings annually (thus complying with best practice, as defined by the Charity Commission).*

**Constitutional Note:** To be enacted, this resolution will require a two thirds majority of those delegates present at Convention who exercise their right to vote.

## Resolution 4

Proposed by Council

Concerning an amendment to the MD Constitution

To amend Article II, Section 5 of the Multiple District Constitution as follows:

*Insert the words 'or participating' after the words 'in person'*

*To read:*

A simple majority of the members of Council present in person, **or participating**, shall constitute a quorum.

*Explanation: This will enable electronic meetings to be considered quorate and reduce the need to revisit decisions made in electronic meetings at the next face to face meeting*

**Constitutional Note:** To be enacted, this resolution will require a two thirds majority of those delegates present at Convention who exercise their right to vote.

## Resolution 5

## Proposed by Council

Concerning an amendment to the MD Constitution

To amend Article IV, Section 3 of the Multiple District Constitution as follows:

1. *Insert the words 'directly in writing' after the words 'all Clubs and Districts' in the first sentence.*
2. *Delete the words 'and such convention call shall be published in the next edition of the official journal of the Multiple District' in the same sentence.*

*To read:*

The Council shall issue an Official Call for Convention to all Clubs and Districts **directly in writing**, by not later than 20 August prior to the date fixed for holding the same ~~and such Official Call shall be published in the next edition of the official journal of the Multiple District.~~ The Convention Call shall incorporate the name and address of the Constitution, Nominations and Resolutions Officer and the dates for the receipt of nominations, resolutions and amendments to resolutions and for the circulation of these to Clubs within the Multiple District. The date for the final circulation of amendments to resolutions must be no later than six weeks before the opening of Convention. The Council may, at its discretion, include such other information and requirements as it considers desirable.

*Explanation: The Convention Call and supporting details are sent to all clubs and are published on the MD website where any member can access them. The requirement to publish in the Lion Magazine is outdated with the advance of technology. [In a recent dispute, the Conciliators agreed that the failure to publish in the Lion magazine in 2015 did not make the Convention illegitimate, as the information was freely available to all members and no one was disadvantaged by the failure to publish.]*

**Constitutional Note:** To be enacted, this resolution will require a two thirds majority of those delegates present at Convention who exercise their right to vote.

## Resolution 6

## Proposed by Council

Concerning an amendment to the MD Constitution

To amend Article IV, Section 6 of the Multiple District Constitution as follows:

1. *Insert the words 'from Clubs or Districts' after the words 'All resolutions' in the first sentence*
2. *Delete the word 'reach' and replace with the words 'be received by' after the words 'in writing to' in the first sentence.*
3. *Delete the words in the first sentence 'at the address and by the date specified' and replace with the words 'on or before the date, and at the address specified'*

*To read:*

All resolutions **from Clubs or Districts** shall be sent in writing to ~~reach~~ **be received by** the Constitution Nominations and Resolutions Officer ("the CNRO") ~~at the address and by the date specified~~ **on or before the date, and at the address specified** in the Convention Call (which shall not in any event be earlier than 31 December preceding the date fixed for the holding of Convention ("the Convention date"). The CNRO shall as soon as is practicable acknowledge receipt of any resolution, but it shall be the responsibility of the Club or District submitting the same to ensure its actual receipt. All resolutions and amendments by Clubs and District Cabinets must be submitted in accordance with the requirements specified in the Convention Call.

*Explanation: There was a dispute regarding the submission of resolutions by Council not being submitted by the date specified. Whilst this interpretation was later shown to be incorrect, for clarity it was recommended that the ambiguity be removed. There was a late submission of a resolution last year which was posted by the date specified and proof of postage provided. This will remove any ambiguity regarding the requirement.*

**Constitutional Note:** To be enacted, this resolution will require a two thirds majority of those delegates present at Convention who exercise their right to vote.

## Resolution 7

## Proposed by Council

Concerning an amendment to the MD Constitution

To amend Article IV, Section 7 of the Multiple District Constitution as follows:

*In sub-section (a)*

- 1. Insert the word 'constitutional' before the word 'acceptability' in the first line.*
- 2. Insert the words 'from a Club or District' after the word resolution in the first line.*
- 3. Insert the words 'Such period of liaison shall take place prior to the final date for acceptance of those resolutions as stated in the Convention Call' after the words 'presented for debate'*

*To read:*

- (a) In the event of any doubt arising as to the **constitutional** acceptability of any resolution **from a Club or District**, there shall be liaison between the CNRO and the proposers of the resolution with the aim of allowing the resolution to be presented for debate. **Such period of liaison shall take place prior to the final date for acceptance of those resolutions as stated in the Convention Call.**

*Explanation: This should prevent allegations that the CNRO has not properly liaised with the proposers when resolutions are submitted so late as to make such liaison impractical.*

**Constitutional Note:** To be enacted, this resolution will require a two thirds majority of those delegates present at Convention who exercise their right to vote.

## Resolution 8

Proposed by Council

Concerning an amendment to the MD Constitution

To amend Article V, Section 1 of the Multiple District Constitution as follows:

*Delete the word 'sent' and replace with the words 'made available in writing'*

*To read:*

The official journal of the Multiple District shall be 'The Lion' (British and Irish edition) and shall be administered by a Board of Management appointed by the Council to whom the said Board of Management shall be responsible and shall be ~~sent~~ **made available in writing** to all Lions in 'Good Standing' in the Multiple District.

*Explanation: This allows for (but does not specifically require) electronic distribution of the magazine.*

**Constitutional Note:** To be enacted, this resolution will require a two thirds majority of those delegates present at Convention who exercise their right to vote.

## Resolution 9

Proposed by Council

Concerning an amendment to the MD Constitution

To amend Article VI, Section 2 of the Multiple District Constitution as follows:

*In sub-section (a) Insert the words 'may only be' after the words 'The By-Laws to this Constitution'*

*To read:*

- ***The By-Laws to this Constitution **may only be** and the Standing Orders may be amended by a resolution reported by the Constitutions Nominations and Resolutions Officer to Convention and adopted by an affirmative vote of a simple majority of the registered delegates voting.***

*Explanation: This will remove any ambiguity that there may be another way of amending the By-Laws*

**Constitutional Note:** To be enacted, this resolution will require a two thirds majority of those delegates present at Convention who exercise their right to vote.

## Resolution 10

Proposed by Council

Concerning an amendment to the MD Constitution

To insert a new Article into the Multiple District Constitution as follows:

### **ARTICLE IX – MULTIPLE DISTRICT DISPUTE RESOLUTION PROCEDURE**

If a dispute arises between members, former members, Clubs or Districts about the propriety of anything done by members under the Constitution of the Multiple District and the dispute cannot be resolved by agreement, the parties to the dispute must try in good faith to settle the dispute by mediation in accordance with the relevant Lions Clubs International Dispute Resolution Procedure (as may be amended from time to time).

*Explanation: This highlights the requirement for the parties to a dispute affecting the Multiple District or its Council to use the Multiple District Dispute Procedure before resorting to any other formal procedures.*

**Constitutional Note:** To be enacted, this resolution will require a two thirds majority of those delegates present at Convention who exercise their right to vote.

## Resolution 11

Proposed by Council

Concerning an amendment to the Convention Standing Orders

This Convention resolves to delete Standing Order number 11 of the Multiple District Convention Standing Orders

*Explanation:*

- 1. Standing Order 11 was adopted prior to the law of the land prohibiting smoking in buildings to which the public have access.*
- 2. The law of the land prohibits smoking in any Hall where Convention could be held.*
- 3. MD Constitution Article I Section 2(v) supports the law of the land as having superiority over the MD Constitution.*
- 4. This Standing Order is redundant by virtue of points 2 and 3 above and so should be removed.*

**Constitutional Note:** To be enacted, this resolution will require a simple majority of those delegates present at Convention who exercise their right to vote.

## Resolution 12

## Proposed by Council

### Concerning Multiple District Dues

This Convention Resolves that the Multiple District Per Capita Levy for the Fiscal Year 2017/2018 shall continue to be £28.50p per Lion, payable in two equal instalments, the first in August 2017 based on membership as at 30 June 2017 and the second in February 2018 based on membership as at 31 December 2017.

#### Explanation:

The 1st July 2017 sees the most significant change to affect the Multiple District in over 30 years: the separation of District 105I to become District 133. A great deal of work has been undertaken in relation to this change and Council considered, in very great detail, the budget proposals for the Lion's year 2017-2018.

Mindful of the changes occurring over the next few years, successive Councils have looked to reduce cost by comprehensively reviewing the structure and governance of the Multiple District. These changes are being phased in and the intention is that, notwithstanding falling membership, members' dues be maintained over the expected 'change' period at their current level.

Following the success of the Community Report the M & PR budget has been maintained to allow reserves to be generated to pay for production of the next edition in 2017.

Council receive a quarterly financial analysis and the Council Treasurer undertakes quarterly meetings with Staff to review costs and expenditure, however, it should be noted that certain costs arise as a consequence of legislative requirement, Vat and Rates, for example. Of note is the Government's state aim to increase Insurance Premium Tax (IPT) to parity with Vat over coming years.

The Budget is based on a membership of 12,350, after the separation of Ireland.

Cost Analysis attached

**Constitutional Note:** Article III Sections 1(a) & 2 of the Multiple District Constitution (as adopted 30 April 2005 and subsequently amended 2006, 2007, 2008, 2009 and 2011):

#### Section 1(a) – Annual Per Capita Levy

Every District shall pay into a Multiple District administrative fund a per capita levy, based on its membership taken as at 30 June and 31 December in every year. The Council of Governors shall table a resolution at every Multiple District Convention to set the per capita levy for the following fiscal year. Such resolution must be supported by a complete list of budgets for all Multiple District officers and committees, conventions, meetings and administrative functions. If such resolution shall fail, then the per capita levy for the time being in force shall be continued until changed by resolution.

#### Section 2 – Collection of Per Capita Levy

Every District Treasurer shall collect such levy from Clubs in his District by two half-yearly payments, and shall pay the monies so collected to the Council Treasurer in August and February of every year.'

To be enacted, this resolution will require a simple majority of those delegates present at Convention who exercise their right to vote.

## Resolution 13

## Proposed by Council

Concerning the LCI Joining Fee

This Convention resolves to ask the International Board to consider reversing the increase in the Joining Fee for new members to stimulate recruitment in our Centennial Year; and to ask the International Board to look instead to implement savings, such as the use of email rather than surface mail or courier delivery for communications from The International Board, and the placing of internal directories on the LCI website rather than producing print copies.

*Explanation:*

*The International Board has approved an increase in the Joining Fee for new members from \$25 to \$35 per new member.*

*MD105 is suffering a year on year decline in membership in most Sub Districts. It is believed that the increase proposed will be an impediment to recruitment of new members, many of whom are unused to being required to pay to provide voluntary service to their communities.*

*This is our Centennial Year, and to place any possible obstacle in the path of recruiting the members of the future should be avoided. Many Clubs pay the Joining Fee for new members from their Administration Accounts to welcome new members to the Lions Family. It is considered that an increase in this expenditure would result in financial hardship for some very small Clubs who are working hard to recruit new members and do not hold large funds available to meet increased costs.*

*It is recognised that The International Board has the responsibility for the finances and the expense and cost base of our organisation, but there is concern about increasing the cost of the Joining Fee for new members rather than reducing costs by using email instead of the use of surface mail or UPS Couriers for the delivery of non- confidential items of internal international communication from The International Board.*

**Constitutional Note:** To be enacted, this resolution will require a simple majority of those delegates present at Convention who exercise their right to vote.

## Resolution 14

## Proposed by Council

Concerning the Redistricting of MD 105

This Convention resolves that the Council of Governors shall take all necessary steps as required by The International Board of Directors to redistrict Multiple District 105 to reduce the number of 12 sub-districts to 8 sub-districts to take effect on 1st July 2019. A list of clubs to be allocated to the proposed sub-districts and a map showing the boundaries that the new sub-districts will follow are shown at appendix 1.

Explanation:

An explanation of how the Multiple District and the sub-districts will be better served through redistricting, including a detailed plan that outlines goals and action plans to support membership growth, retention, leadership development and club support initiatives is attached herewith.

In accordance with the Emergency Resolution passed by the MD 105 Convention of 2016, and with the Resolution also passed at that Convention concerning the Redistricting of MD105 by the departure of District 105I, Ireland, from the MD with effect from 4 July 2017, the Council of Governors of 2016/17 has:

1. Submitted to the International Board a Proposal for the Redistricting of MD105 with effect from 4 July 2017 by the departure of District 105I, and referring to consideration of the redistricting of the remaining Districts of MD105 with effect from 1 July 2019. This proposal was accepted by the International Board at their meeting in October 2016.
2. Resolved that, following the approval of the International Board to the Redistricting Proposal above, the name of MD105 with effect from 4 July 2017 shall be MD105 British Isles.
3. Sent out an Information Gathering Questionnaire to all Clubs in MD105 in May 2016 seeking information from Clubs about the potential Redistricting of the remaining Districts other than District 105I.
4. Collated those responses and communicated them in August 2016 to members via the Members Forum on the MD website and via their District Governors.
5. Considered and reviewed the feedback from members and Clubs through their Districts; and, based on the preferences indicated by the majority of responders, produced and circulated on 24 October 2016 to all members via their Districts, through the Clubs in those Districts, a proposal consulting on the potential Redistricting of MD105 with effect from 1 July 2019, as required by the Emergency Resolution. The proposal was communicated by email circulation via MDHQ to Clubs, copied to District Secretaries, and published in the Members Forum Area of the MD Website.
6. Consulted with and invited the views of members, Clubs and Districts on that proposal by 31<sup>st</sup> December 2016, reflecting, in accordance with the preferences indicated by those responses to the information gathering questionnaire, a potential reduction in the number of sub-districts in MD105 from 12 to 8 with effect from 1<sup>st</sup> July 2019.

Why Redistrict MD105?

Council has considered why a Redistricting of MD105 should be undertaken.

As at 26 January 2017 10 out of the 12 sub-districts of MD105 other than District 105I had membership of less than the 1250 members deemed by Lions Clubs International to be viable to support the full range of Lionistic activity, whilst enjoying fellowship and providing service to our communities.

Membership in the MD has declined over the last 20 years from over 22,000 members to what will be around 13,000 members after 4<sup>th</sup> July 2017 when the approximately 2200 members of

District 1051, Ireland, leave. It is essential that the MD reorganises to be best equipped to do what we are here for- to deliver service to the community. To do that we need to retain our present members and to attract, recruit and retain new members to carry forwards Lionism. We cannot stand still, as that is to move backwards.

The creation of new larger Districts would provide a larger pool of potential leaders in each new District. The process of change could energize Lions who have not so far put themselves forwards to be inspired by the process of modernization and to engage as potential leaders of the future. In many Districts the District cabinets have had the same officers serving without change, or in rotation, for many years; - introducing new members to work together in New Districts will mean sometimes radical reductions in the number of District Officers needed, and this may be an opportunity to step forwards by new potential leaders who have perhaps been put off by the unchanging nature of the composition of the existing local District Cabinets.

Council believes that, in the long term, a reduction in the number of current districts from 12 to 8 New Districts will also provide long term cost savings which will enable member's subscriptions not to be increased to the extent as would otherwise occur. Cost savings were implemented following the adoption of Resolutions on Streamlining and Governance by the MD Convention of 2016, and further ongoing efficiency savings can be made to the costs of running the Multiple District if the number of districts is reduced. Council considers that any geographical reorganisation should be supported by structure and governance changes within the resulting districts, as well as at an MD level. The larger New Districts would need to work differently, using alternative communications and making more use of Zone and Regional structures. This would enable cost savings to be made at MD level without turning such savings into costs to District level.

#### What Would New Sub-Districts Look Like?

Council has endeavored to produce a realignment of the present District boundaries which respects the wishes of the majority of respondents indicated in the Information Gathering Questionnaire. This includes as far as possible keeping existing Zones together, keeping County boundaries together, and enabling access to major transport arteries.

A spreadsheet is attached of the proposed mapping of the realigned New Districts, which reorganizes the existing Districts into 8 New Districts from 1<sup>st</sup> July 2019.

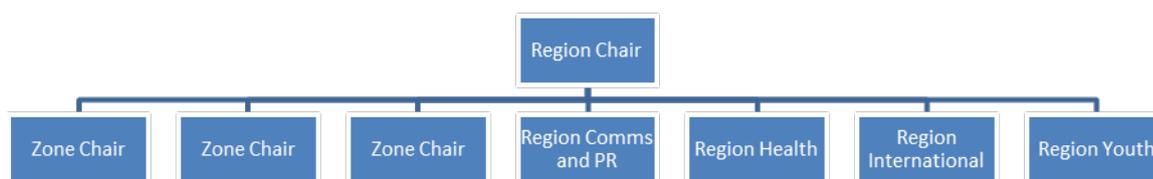

Council submits that the creation of New Districts should be based on equal standing of all Lions in the New Districts, with no element of take-over by any existing District of members coming together in New Districts from existing Districts.

The nomenclature of the proposed New Districts has been considered by Council, and Council proposes, as far as possible, that the names of the New Districts would reflect the names of existing Districts where practicable. However, it is recognized that the matter of the names of the New Districts would be a matter for the EGMs of the New Districts, and subject to the decision of those meetings.

How would the New Sub Districts be Better Managed?

### Regional structure

It is suggested that within each region of a New District there would be a structure as follows, in addition to the District Governor Team and District Officers:

Meetings of the Regional Teams could be in person but also possibly via Fuze or equivalent. The Region Chairman would be the only person from the Regional Structure attending Cabinet, unless at the specific invitation of the District Governor for a specific item of business. The Region Chairman would also have localised responsibility for membership and leadership working closely with the District GMT and GLT chairmen. In a larger New District, it would be recommended that most meetings would be held via Fuze or equivalent, and each regions officers would be responsible for providing information within their region using an agreed generic presentation (thus removing the need for district officers to travel long distances). This should also reduce the perceived gulf and information gap between Clubs and District by having officers that are more local being the persons who share information and give assistance to Clubs.

**It is also likely that a more modern and streamlined District organisation, with locally based and empowered officers, would encourage members to come forwards for leadership roles who have hitherto not done so.**

### Club visits

Club visits by the DG Team.

Over recent years LCI has advised that this should change from requiring and expecting that all Clubs must be visited by the DG to a system of the DG Team sharing the load and sharing the visits over a three-year rolling programme. LCI advises that the purpose of the visits is to communicate the International theme and projects, to encourage the Clubs and thank them for their activities, to provide leadership to Clubs needing assistance and to report back to LCI on the health and status of the club.

Financially there will be no effect on Club visits from the Redistricting of boundaries of existing Districts, as LCI will continue to pay for the DG or the DG's representative to visit each club. But there are other ways of covering the visits:

- **Visiting multiple clubs in one trip**

For the more remote clubs it may be possible to use one trip and one overnight stay to visit multiple clubs.

- **Visiting Zones**

LCI accepts Club visits being conducted by visiting a zone meeting to cover multiple clubs. This may not give the visitor a true picture of each club but the DG team member attending the meeting can ask for reports from the clubs that will cover the information needed by LCI.

- **Region Chairs**

Another option is for the Region Chairman to carry out some of the Club visits, as agreed with the DG Team.

What are the Costs and Savings which would result from this proposal?

**Budget**

The following is a suggested budget for a New District based on current information available, using sample data from Districts 105W and 105M:

Item	Amount	Notes
New District Convention based on median figures	3,500	<ul style="list-style-type: none"> <li>• Social events to still be self-financing.</li> <li>• Similar sized venues to those used by Districts at present would still be suitable despite probable increased number of delegates</li> </ul>
DG/DG Team Allowance	1,700	Used the larger of the two present district's figures
Autumn Forum/Handover	500	
Officers Expenses	4,000	Larger New Districts would potentially increase Officers costs, but use of Fuze meetings and a regional structure would reduce this
Cabinet meetings	1,000	
Membership/Leadership	7,000	Larger Districts would have increased funds available for Membership activity
Communications and PR	500	Includes website and Fuze licence
Equipment replacement	500	
Regalia	1000	Initial replacement, but reusing existing regalia where possible
Auditors	500	
<b>Total Expenditure</b>	<b>20,200</b>	
Sundry Income	1,000	
Dues income (based on 2,000 members)	20,000	Based on £10 per member District dues
<b>Total Income</b>	<b>21,000</b>	
<b>Surplus</b>	<b>800</b>	Available for other Membership activities?

These figures in the above draft budget for a New District have erred on the side of caution and it would be expected that the actual expenses would be lower.

Potential Savings from a Reduction in the Number of Sub Districts in MD105.

Based on the actual outturn figures cost savings at MD level, which in turn enable member's subscriptions to be maintained without increase, or with lower increases than otherwise would be likely, would be available from the proposed Redistricting:

### Projected Merger expenditure

Funds Available from LCI to New Districts

If part of a Redistricting of a Multiple District, then up to \$4 per member of the New District is available to the New District from LCI to offset much of this proposed expenditure detailed above. **However, this amount is only available if applied for as part of a programme of Redistricting of a Multiple District which has been approved by the International Board before the beginning of October 2018, - whatever the effective date of the Redistricting.** Based on a potential membership of 13,000 after District 1051 leaves, \$4 per member would be available over 3 years, providing \$52,000 of funding to cover such expenditure.

EGM Venue for New Merged District and LCI Funding Available to Offset Costs

There will need to be an Extraordinary General Meeting to elect the DG Team for the first year of the new district. An estimated maximum cost of £2,000 for room hire and PA equipment, and potential one off contribution to travelling costs, would be incurred. However, there is funding available to New Districts created under a scheme of Redistricting a Multiple District by reducing the numbers of sub districts, to offset the costs of the establishment of the New Districts.

Regalia

Although there have been suggestions from some younger members that much of our current regalia is unnecessary and old-fashioned, it is likely that the New Districts would want some regalia. Efforts could and should be made to reuse existing regalia but a one off set up budget of £1,000 could be provided for new items.

### Bank Accounts

It will be necessary to merge the bank accounts and assets of existing Districts, and to operate combined bank accounts for the New Merged District. This is likely to be easier and cheaper than closing all existing accounts and reopening new accounts for the new entities.

Depending on which banks hold the accounts of the present Districts, designating one set of bank accounts as those to go forwards and working with the bank holding those accounts to rename and revise the signatories will be less time consuming and therefore cost less in terms of District Treasurer travelling expenses to agree and facilitate this. An estimated cost of say £150 for such costs should be envisaged.

### Charitable Trusts held by Each Present District

As with the bank accounts, it will be necessary to proceed with the agreement of the Charities Commission to amend the details of the existing Trusts to reflect the New District. An estimated cost for District Treasurer expenses of say £100.

### District Assets

District Assets such as Gazebo's, banners, flags etc.- These can still be used over their normal expected useable life, without incurring additional costs- the important thing for the public to see is the Lions Logo, and not which District it relates to.

### Reserves

In the event of a merger between existing Districts, the Reserves of the previous Districts would be merged into one new reserve; however, in the event of an alteration to existing District boundaries other than as a merger, it would be recommended that the Reserves should follow the members on a pro-rate basis.

### **Potential Costs to Individual Members**

At MD Convention 2016 concern was raised about a list of potential costs to individual members in the event of Redistricting. Some of this was associated with the set-up costs of New Districts, which is considered above, but most of the other headline figures which were raised come down to individual choice or cost which could be managed by co-operation between existing Districts.

They include:

- Attendance by individual members at an EGM to elect the District Governor Team of the New District and adopt a budget–

- the existing Districts which would be affected by the creation of a New District could agree that the EGM should be held as an adjunct of the District Convention of one of them, or they could agree to have a final joint Convention of the existing Districts and to hold the EGM as part of it.

-If an additional separate meeting is needed for the EGM, attending an additional joint meeting would be an additional expense for the delegates attending and the Districts involved might want to consider using some reserves to help offset travelling costs to attend, subject to the rules of audit, and the sharing of transport wherever possible.

- Attendance at future Conventions of a new larger district – Generally it is likely that those members who currently regularly attend conventions will continue to do so at their own expense. While the maximum distance from one edge of a New District to the other side of the New District may be greater than the previous maximum distance of

the boundaries of the existing Districts, a decision to have future centrally hosted conventions in the New District would result in little if any greater distance to be travelled by members attending future Conventions than from the edges of the current districts to conventions on the other edge of the current districts, and in many cases the distance to travel might even be shorter than at present .

- Regalia – District (covered above). Many items can be reused, and only an initial one-off set up outlay for basic new regalia would be needed. It might also be that the New Districts may decide to move away from the idea of traditional regalia and towards a more modern approach.
- Regalia – Club. Most Club regalia does not refer to a District and, in any case, district designation is only of interest to other Lions, and not to the communities who we serve.
- Clothing.

Club shirts etc. may mention Districts, but it is the members' personal choice if they wish to replace them. Members will continue to wear with pride shirts which say "District Governor" or "Council Chairman" or "Europa Forum" until they wear out because:

- a. they have a date on them and
- b. the most important thing on them is the Lions' logo.

There is therefore no necessary and unavoidable expenditure which must be incurred by individual members on clothing resulting from any programme of Redistricting or merger, and it is purely a matter of individual choice and is not a relevant item to include.

What steps would need to be taken to create the New Sub Districts, and When?

Implementation Plan

To achieve the proposed implementation date of 1<sup>st</sup> July 2019, the following outline plan is proposed:

Target Date	Action
MD105 Convention 2017	Approve Redistricting Proposal
May 2017	Form provisional MD implementation team, and provision teams for each of the proposed new sub-districts
60 days before the October 2017 meeting of The International Board	Submit proposal to The International Board
October 2017 International Board meeting	Obtain approval from International Board
October 2017-June 2018	Plan EGM's, financial adjustments, new district constitutions etc.
July 2018	Send out notice of EGM's to elect new district DG Teams
September 2018	Hold EGM's, elect DG Teams for 2019/20. Appoint new district key officers including District Treasurers.
October 2018-April 2019	Appoint new cabinets and plans for new districts
June 2019	DGE's attend DGE training.
1 <sup>st</sup> July 2019	New Districts formed, and assets transferred.

**Constitutional Note:** To be enacted, this resolution will a simple majority of the registered and certified delegates.

## Resolution 15

**Proposed by District C  
Seconded by District E**

Concerning the Redistricting of MD 105

This convention resolves to merge the current districts 105C and 105E to form one consolidated district.

*Explanation:*

*1 The District membership of Districts C and E recognise that the M.D. 105 proposal for redistricting of the MD is necessary and needed to develop the Lions organisation of 105 into the future.*

*By accepting this proposal in principle, the desire of Districts C and E to merge into one District, meets the criteria mentioned in the Council of Governors minutes which were circulated to all Presidents and Secretaries that "Some Districts might welcome mergers of the willing"*

*Both Districts C and E are willing.*

*2 The new merged District would meet the International membership criteria with a membership in excess of 2000, with a neutral effect on membership dues.*

*3 The merger would ensure a strong cohesive membership, with strength to meet the challenges that our organisation face in the future. There is a synergy of ideas and temperament within the two Districts and of course - a shared history. Today Clubs in both Districts already work together on projects and with the merger this will enhance and strengthen the relationship to form closer bonds between Clubs working together on Community projects.*

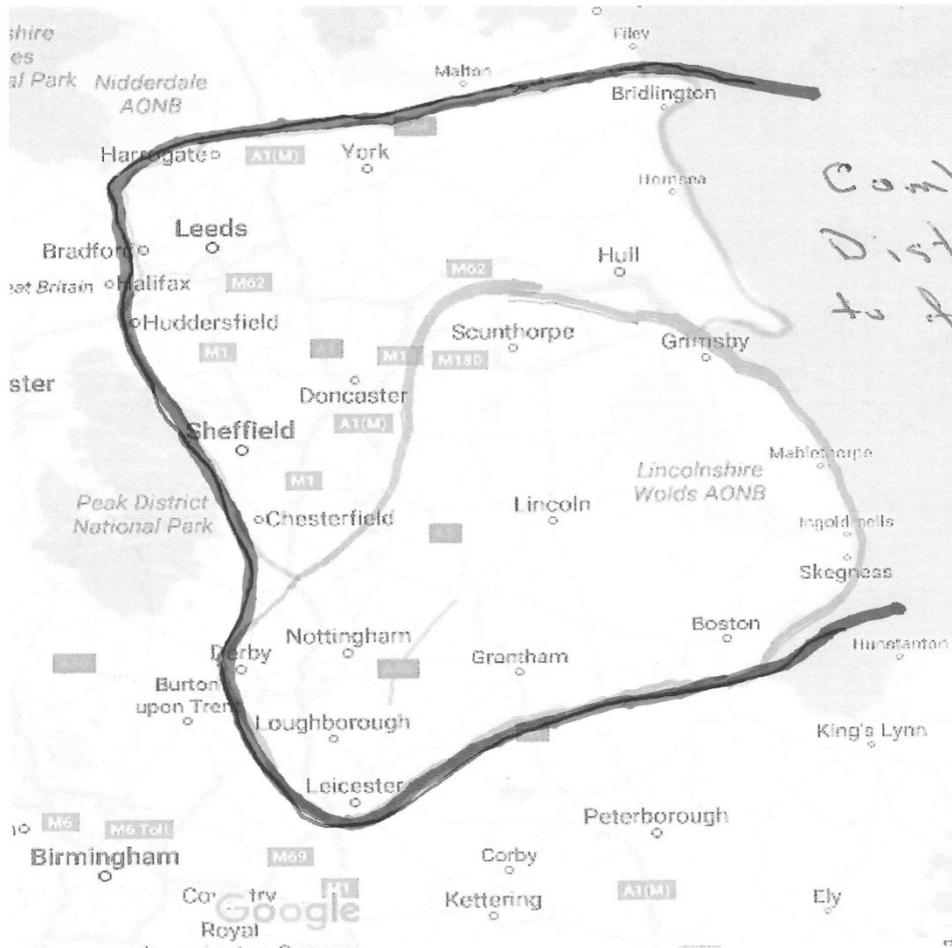

*4 The proposed new merged District has excellent travel connections, ensuring cost effectiveness and offers more economical use of resources including time.*

*5 The two Districts would retain current membership, clubs and zones, allowing for a smooth transition and the opportunity to develop good leaders through leadership and membership development, in this enlarged pool of members.*

*6 From the information provided by the MD Council Treasurer in October 2016 it is reasonable to assume savings to the MD should be in excess of £2,500. We can see no reason why the savings should be any different by the merger of two willing Districts to those stated by the Council Treasurer.*

*7 If carried, this Resolution will have no impact on the remainder of the current MD105, other than a financial saving estimated by the Council Treasurer to be in excess of £2,500.*

*8 The merged Districts will be for the benefit of the community, contribute to the continued development of the MD through shared resources and the willingness of the members.*

**Constitutional Note:** To be enacted, this resolution will a simple majority of the registered and certified delegates.

## Resolution 16

## Proposed by District BN

Concerning the Peace Poster Competition

This Convention instructs the Council of Governors to ask the International Board of Directors of Lions Clubs International to consider amending the rules of the Peace Poster Competition to allow International paper size A3 (29.7cm x 42cm - 11.7" x 16.5") as well as/instead of the current size range (13" x 20" - 33cm x 50.8cm to 20" x 24" - 50.8cm x 61.0cm). This latter range has no American Standard (ANSI) designation.

*Explanation:*

*Paper size A3 is an International Standard Organisation (ISO) designation and a metric size used almost everywhere in the World whereas the range specified has no ANSI or ISO equivalent. This means that reproduction for publicity purposes can present problems, even in America. This paper is readily available 'off the shelf' in most countries and therefore no cutting to size is involved.*

*We are also aware that the US Government has been trying for over 30 years to introduce the Metric system and that most if not all ANSI standards are now written with metric dimensions given first with Imperial dimensions relegated to the end of these documents.*

*The use of an ISO recognised size brings the Peace Poster rules up to date and facilitates reproduction of the winning posters for publicity purposes.*

**Constitutional Note:** To be enacted, this resolution will require a simple majority of those delegates present at Convention who exercise their right to vote.

## Resolution 17

## Proposed by The Lions Club of Alton Seconded by Meon Valley Lions Club

Concerning an amendment to the MD Constitution

This Convention resolves to amend Article III Section 5 of the Multiple District Constitution by amending the end of the final sentence by deleting the phrase:

"... except for any shortfall in reimbursement for travel costs for the partners of District Governors Elect to attend the International Convention as a result of Lions Clubs International limiting the amount of their reimbursement".

and replacing it with:

"except that, with effect from 1st July 2019, the amount payable to the partner of a District Governor (Elect) of a District in transition by the Multiple District shall be equal to the amount which would have been payable by Lions Clubs International to that partner if their District were not in transition."

So that this section will read:

"The Council shall authorise all expenditure and disbursements relating to Multiple District affairs. The Council shall lay down rules of audit governing maximum sums payable by way of expenses for travelling and accommodation. These rules shall be reviewed and authorised by Council at its final meeting in every year. Payments may not be made to any member of the Council or to any other person which are supplementary to that claimable from International Headquarters or any other source except that, with effect from 1st July 2019, the amount payable to the partner of a District Governor (Elect) of a District in transition by the Multiple District shall be equal to the amount which would have been payable by Lions Clubs International to that partner if their District were not in transition."

Explanatory Notes:

Effective from 2010, Lions Clubs International determined that a \$500 limit for reimbursement of DG Elect (DGE) spouse travel to DGE School and International Convention be applied. Currently, travel costs for the partners of those DGEs whose Districts are in transition, are paid for, in full, by the MD; partners of those DGEs whose Districts are not in transition, receive \$500 from LCI plus the balance from the MD.

We consider the amount determined periodically by LCI to be the appropriate amount for any DGE to receive for their partner's travel costs. Therefore, any MD contribution should be limited to that amount for any District in transition and there should be no additional payment made to any DG to pay the full travel cost.

The 2016-17 MD105 Partner Travel budget is £9,575 in respect of 12 District Governors Elect attending the International Convention; the 2017-18 budget is proposed to be the same. The net effect of approving this Resolution will be to reduce MD expenditure by £6,450 if 10 Districts are still in transition and by £9,575 if redistricting results in all Districts being out of transition.

We recognise that the current 2nd Vice District Governors & 2nd Vice District Governors Elect will have understood that they would receive payment on the current basis, so propose the change be implemented with effect from 1st July 2019

**Constitutional Note:** To be enacted, this resolution will require a two thirds majority of those delegates present at Convention who exercise their right to vote.

**END**
